

Marie Steele

Marie Steele is NV Energy's Manager of Electric Vehicles and Renewable Energy at Berkshire Hathaway Energy-owned NV Energy. This is her second time with the company since 2006, and her experience has spanned across the organization with roles in Finance, Transmission & Distribution, and Renewable Energy & Origination.

Marie has more than 10 years of experience in the energy industry in the United States, Europe and the Middle East.

She received her MBA from the ESADE Business School in Barcelona, Spain, with a focus on Sustainability & Strategy where she served as Director of Alumni Relations for the MBA Student Association. She has a Bachelor of Business Administration in Finance from the University of Iowa.

Related to her relatively new position, Marie is currently exercising her passion of accelerating electric vehicle adoption in Nevada and the West through her leadership in the Nevada Electric Vehicle Accelerator, Northern Nevada Clean Cities Coalition Steering Committee, and her involvement with Washington D.C.-based Edison Electric Institute Electrification Working Group.
