

# David Swallow

---

David Swallow, PE is the Director of Engineering Services for Capital Projects with the Regional Transportation Commission of Southern Nevada, where he has worked since 2001. He is responsible for overseeing the planning, design and construction of many of the agency's public transportation projects, including transit centers, park & rides, bus rapid transit systems and bike facilities. He has also been involved with the Southern Nevada Strong effort and will play a key role in the implementation of the Regional Plan. Swallow has been a resident of Las Vegas for nearly 30 years and earned both Bachelors and Masters of Science degrees in Civil Engineering from the University of Nevada, Las Vegas. David is a licensed professional engineer in the state of Nevada.
