

EnergySmart

Video Contest

Spread the word about how to save energy at home, at school and around your community by creating your own educational video!

Feb 1 to Mar 31

Your videos must include at least two of the following energy saving measures:

- Low flow shower head (energy savings and water)
- Sink aerators (energy and water)
- Outlet and Switch Gaskets (Electrical and/or natural gas from heating and cooling your home)
- Foam Weather Strip Tape (Electrical and/or natural gas from heating and cooling your home)
- LED light replacement (electrical)
- Programmable thermostats (Natural gas or electrical)

For more information on these energy savings measures you can download:
[EnergyEfficiencyMeasures.2017](#)

Get creative, have fun with it, and impress the judges with you energy savings tips!
